

Word Buff's Totally Unfair Cheat Sheets

NEW Scrabble Words (CSW12)

This is a **free eBooklet** for *Word Buff* subscribers. I'm always adding new freebies to my [members area](#), so make sure you check in from time to time!

([Join here](#) to get your password)

Inside this eBooklet you'll find a list of **all the new Scrabble words** being added to the International (World English) Scrabble Dictionary from the start of 2012.

This lexicon is called CSW12, which stands for "Collins Scrabble Words 2012". *Harper Collins*, the well known dictionary publishers, oversee the publication of Scrabble word lists and dictionaries on behalf of *Mattel*, who own the Scrabble game in all countries outside of North America (that's why I call it the 'International' or 'World English' dictionary).

If you want a 'behind the scenes' look at the making of this dictionary, you might like to read my [interview with Darryl Francis](#). Darryl is the head of the *Dictionary Committee* of the *World English Scrabble Players Association (WESPA)*, and as such is the force behind most of the decisions to include, or exclude, particular words from our indispensable 'Scrabble bible'.

Note that if you play Scrabble in *North America*, you won't usually be allowed to use these words, as they play to the beat of a different drum – it's called the [Official Scrabble Players Dictionary](#). Exceptions include a few online Scrabble applications (e.g. *Mattel's* version of [Facebook Scrabble](#)) and occasional tournaments being played to the international dictionary (they'll usually be advertised as 'Collins tournaments').

But even so, I dare you to resist browsing these gems ;-)

And finally, you're probably wondering what on earth all these crazy words actually *mean*? Well, for that you'll need more than a *Word Buff Cheat Sheet* – you'll need to get yourself a [proper Scrabble dictionary](#)!

Ok, enough chatter. Now it's time for you to start studying ... or cheating ... however you prefer to think of it!

Knock yourself out ;-)

Derek McKenzie, aka *Word Buff*

<http://www.Word-Buff.com> – *For those of us who take word games a little more seriously than most...*

P.S. Not sure how to memorize crazy long lists? [Check out this guy's technique](#).
